What is U3A?

The University of the Third Age is an international movement whose aims are the education and stimulation of mainly retired members of the community—those in their third 'age' of life. It is commonly referred to as U3A.

There is no universally accepted model for the U3A. Its original conception was in France where most U3As were associated with a university. The model was significantly modified in the United Kingdom where it was recognized that most people of retirement age have something to contribute and the emphasis has been on sharing, without formal links to traditional universities.

U3A Hepburn Shire is a not-for-profit organisation run by members for members. We rely on the generosity of our volunteer tutors and activity facilitators in providing a diverse program for our members. We have an active and dedicated committee who bring the program to you and volunteers who assist with a wide range of associated tasks.

Our mission is to provide accessible and affordable educational, cultural, physical and social opportunities appropriate to the needs of retired and semi-retired people. Our motto is Learning Together for Pleasure.

Participation in U3A activities is dependent on current financial membership.

Hepburn U3A acknowledges the Traditional Custodians of the lands and waters of Hepburn Shire, and we pay our respects to Elders past and present and extend our respect to all Aboriginal and Torres Strait Islander and First Nations Peoples.
